EXPERIENCE

SunPharma – Data Analyst, Vadodara April 2025 – Present

Currently working as a Data Analyst at Sun Pharma, supporting AI adoption, analytics reporting, and project coordination across global operations. Worked hands on a custom Copilot AI Agent using Microsoft Copilot Studio, Copilot API and Power Automate to automate file inputs, data flow and AI-assisted business responses. Maintain Excel/Power BI trackers, status updates, action items, MOMs and stakeholder follow-ups across MIS, Site HR, Quality and API teams. Support data cleaning, validation, data preparation and dashboard insights for leadership reviews, workforce planning and decision making.

InspireLeap - Business Development Consultant Intern, Hyderabad Sep 2024 – March 2025

Generated insights through online channels to drive B2B and B2C growth, while enhancing business processes and customer relations through analytical thinking and actionable insights.

Bindu IES - Data Integration Analyst, Karnataka Jun 2024-Jul2024

Managed client and vendor inquiries while generating visual reports on project timelines, resource utilization, and budget tracking to support effective project planning and management.

Prodigy InfoTech - Data Science Intern, Gujarat May 2024 -Jun 2024

Gained hands-on experience in data science by analyzing and pre-processing data to derive actionable insights and creating data-driven dashboards to visualize key metrics and trends.

PROJECTS

AI Business Analytics Agent – Sun Pharma Global Feb 2026

- Built a custom AI-powered business analysis agent using Microsoft Copilot Studio, Copilot API and Power Automate for conversational analytics support.
- Configured the agent to accept scores, user queries and file-based inputs, then generate AI-assisted answers, insights and decision-support outputs.
- Automated file processing and data flow through Power Automate to reduce manual analysis effort and improve response turnaround for business users.
- Created quick-reference notes, prompt examples, and user support documentation to help business users adopt the Copilot based AI assistant.

HR Analytics Dashboard – Sun Pharma IND Business June 2025

- Built an HR Analytics Dashboard in Power BI to track key workforce metrics such as headcount and attrition.
- Cleaned and transformed HR data to ensure accurate reporting.
- Worked with HR and MIS teams to deliver actionable insights for decision-making.

Shift Analysis Dashboard – Sun Pharma Global Manufacturing August 2025

- Performed shift-wise analysis across manufacturing sites for three business units: API, SGO, and Quality.
- Created dashboards and reports in Excel and Power BI to track manpower distribution and operational metrics.
- Provided insights to support workforce planning and operational efficiency.

DEI Diversity Analysis – Sun Pharma Global Non Field/Field December 2025

- Conducted Diversity, Equity, and Inclusion (DEI) analysis across all manufacturing sites.
- Analysed workforce diversity metrics to support HR and leadership decision-making.
- Prepared reports and insights to highlight diversity trends and improvement areas

Credit card fraud detection Jul 2024

- Detection system studies and analyses user behavior patterns and uses location scanning techniques to identify any unusual patterns.
- In the instance of any unusual activity, the system will not only raise alerts, but it will also block the user after three invalid attempts.

ONLINE COURSES AND CERTIFICATIONS
